Market Strong.

(By the International News Service.)

New York. Sept. 16.—With Steel, Western Union is understood to be earning not less than 15 per cent on its stock. It is paying 5 per cent and an increase is expected as a matter of course.

Among the rails Union Pacific was the leader establishing a new high record for that the actual loans at the close of business Friday night had increased 14. He was a surprise, however, that the surplus showed an increase of 15, 146.889 and the demand deposits 110.175,000.

fact that these two standard securities were selling at the highest prices they had ever touched and that even those prices did not discount their marvelous earnings, caused cosiderable excitement

Marine Issues alone seemed deserted.
The reason for that was clear. In addition to the shiking of a ship under such circumstances as to lead to fear that the submarine war may be resumed, there is growing protest against freight rates on the waters. It is hard to see what anybody can do about these rates for the shortage of vessels is wall known and the steamship companies have been living in poverty. en living in poverty so long that w propose to make some money, e combination of circumstances selling it how valuable the stock is. islities attracted much

Steel and Copper Reign Supreme

The Country's prosperity is new measured by steel and copper, their position being practically identical as relates to high prices for the metals, due to a far greater demand than supply.

While the upturn in prices of steel and copper has been reflected in the stock market, the consensus of opinion is that still higher levels are yet to come, logically war-ranted by the lungs earnings of the warfown companies.

NEW YORK STOCK MARKET. CAPITAL CONDUCTOR INJURED IN WRECK

William H. Pierson Pinned Under Car in Hudson Tube.

Pinned under a car when his train was wrecked at the entrance to the Pennsylvania road's north tunnel under the Hudson River at New York, Conductor William H. Pierson, of Washinston, was perhaps fatally injured, according to a New York dispatch. Patrick Keenogh, Central Falls, R. I., also was fatally hurt, the dispatch stated. A score of others were less seriously injured and hurt, the dispatch stated A score of others were less seriously injured and 100 passengers were imprisoned in the tube for 90 minutes, unable to make their way through the blocked entrance. An electric motor engine taking the cross-over at the tunnel entrance crashed into the fifth coach of Pierson's six-car passenger train, bound for Washington. Confusion of signals or failure of the switch engine's brakes was said to be the cause of the accident.

Mr. Pierson, who lives at 256 Ninth street northeast, has been employed by the Pennsylvania more than twenty years. He is about 65 years old. It was said at the offices of the Washington Terminal Company last night that he was still in New Yerk and no details as to
